June 3, 2011

**Request for Quotation for Development of FORCE Substation 429N**  
**Strum Engineering Associates Ltd. Contract No. 023-478-7-11**  
**In-Stream Tidal Power Generating Plant - Fundy Ocean Research Center for Energy**

Strum Engineering Associates Ltd., on behalf of Fundy Ocean Research Center for Energy, is soliciting quotations for the development of a 138kV system substation, designated 429N, in Black Rock, Nova Scotia (10km west of Parrsboro, NS), as described in the enclosed Detailed Scope of Work document and as indicated on the Tender Drawings.

The following enclosed tender documents form an integral part of the Request for Quotations:

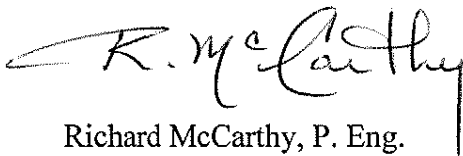

1. Instruction to Bidders
2. Tender Form (To be Completed and Returned with the Tender Document)
3. Supplementary Information (To be Completed and Returned with the Tender Document)
4. Detailed Scope of Work, including Appendix A and Appendix B
5. Tender Drawing Set (Issued in pdf Format Only)

As indicated in the Instruction to Bidders, a site visit has been scheduled for 10:00am, 10 June 2011. The Tender Close date is 3:00pm, 22 June 2011. A Bid Bond or Certified Cheque in the amount of 10% of the Tender Price shall be submitted with the Tender Document. Quotations shall be evaluated on both the technical capability of the Contractor and the financial offerings.

If you have any questions, please do not hesitate to contact our office at your convenience.

Yours truly,

**STRUM ENGINEERING ASSOCIATES LTD.**
